March 4, 2010

Subject: Proposed Sanitary Sewer Project for unsewered areas of
Crooked Stick Estates, Queens Manor and neighboring parcels

Dear Property Owner:

Due to the interest of many property owners, as well as E. coli test results, Clay Township Regional Waste District has scheduled a neighborhood meeting on **Tuesday, March 30, 2010 at 6:00 p.m. at the Clay Township Regional Waste District, 10701 N. College Ave., Indianapolis.**

This meeting is an opportunity for property owners to ask questions and voice any concerns with District staff regarding a possible sewer project. Neighborhood input is necessary before this project can be presented to the Board of Trustees for consideration to move forward.

Sincerely,

Ryan Hartman
District Engineer
