August 4, 2009

Subject: Springmill Streams Sanitary Sewer Project

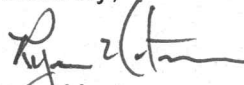

Dear Property Owner:

Clay Township Regional Waste District will hold another neighborhood meeting on **Wednesday, August 26, 2009 at 6:00 p.m. at the Clay Township Regional Waste District, 10701 N. College Ave., Indianapolis.** We will review the details of the proposed sewer project, give an update on the bid results, distribute and explain the cost breakdown as figured by the lowest bid, and answer again any questions or concerns. For those property owners unable to attend, this information will be available on the District's web site at www.ctrwd.org.

If the project moves forward, the District would consider awarding the construction contract at their October 12th Board meeting. Construction could then start by late October with substantial completion 90 days after the notice to proceed and final restoration completed in early spring.

Please contact me at 844-9200 with any questions about the project.

Sincerely,

Ryan Hartman
District Engineer
