Subject: Springmill Streams Low Pressure Sewer Project

Dear Property Owner(s):

Due to difficulties in obtaining construction permits, Clay Township Regional Waste District now anticipates construction starting the week of January 11, 2010. The contractor will still have one hundred and twenty (120) calendar days to complete the work which will put final restoration and project completion at mid to late April.

We apologize for any inconvenience this has created, but again we would like to thank you for your understanding and patience during construction and we look forward to servicing you in the near future.

Sincerely,

Ryan Hartman
District Engineer
