July 9, 2015

Cedar Point Property Owners
Subject: Proposed Sanitary Sewer Project

Clay Township Regional Waste District will hold another neighborhood meeting on **Wednesday, August 19, 2015 at 6:00 p.m.** at the **John W. Hensel Government Center Community Room, 10701 N. College Ave., Indianapolis, Indiana 46280**. We will be reviewing the details of the proposed sewer project, give an update on the bid results, distribute and explain the cost breakdown as figured by the lowest bid, and again answer any questions or concerns. For those property owners unable to attend, this information will be available on the District's web site at www.ctrwd.org.

If the project moves forward, the District will consider awarding the construction contract at an October 12th Board of Trustees meeting and Public Hearing. The earliest construction could start would be around the first of November with substantial completion 120 days after the notice to proceed and final restoration performed early spring.

Please contact me at 844-9200 with any questions or concerns.

Sincerely,

Ryan Hartman
District Engineer
